TOP TRAVEL IN SOUTHERN SASKATCHEWAN

Fort Walsh National Historic Site

Grotto Gardens Family Fun Farm

Crooked Lake Provincial Park

From lodgepole pine to family time

When the glaciers retreated, they missed a spot in the southwestern corner of the province, leaving a forested plateau towering high above the plains below at **Cypress Hills Interprovincial Park**. The unexpected mountain-like oasis on the border between Saskatchewan and Alberta reaches an elevation of 1,392 m above sea level, marking the province's highest geographical point. Take a driving tour to some of the park's most scenic spots, including Lookout Point and Bald Butte in the Centre Block. In the West Block, experience a Saskatchewan sunset from the Conglomerate Cliffs. The Trans Canada Trail transects the park. Explore on horseback or by foot. In the Centre Block, this trail covers over 16 km of rugged countryside and will challenge the seasoned hiker. With an extensive network of trails in this area of the park, visitors can hike the backcountry to see nature untamed or navigate relaxing self-guided trails with interpretive signage. Paved trails provide quick access between the campgrounds and the beach, resort and swimming pool in the core area. Wake up to the heady aroma of the

lodgepole pine forest in one of the seven front-country campgrounds that range from basic to full-service (Pine Hill Campground opens in 2022). After a full day of swimming at the pool or beach and stand-up paddleboarding or canoeing on Loch Leven, swap stories and make s'more-filled memories with your family around a crackling evening campfire. The brilliance of the night sky will amaze you if conditions are right for stargazing in this designated Dark Sky Preserve. For those feeling adventurous, **Treeosix Adventure Parks** offers zipline tours through the forest canopy, an outdoor climbing wall, treetop drop, electric fat bike rentals, slackline course and mini-zips for the little ones. At **Fort Walsh National Historic Site**, find out what life was like in a working fort during a time that shaped the history of Western Canada. The fort was a North West Mounted Police (NWMP) post established in 1875 and played a key role in imposing law and order in the West.

Maple Creek: The Modern West

Get the full flavour of southwest Saskatchewan hospitality with a visit to the

Maple Creek area. Housed in a red cedar log barn, **Grotto Gardens Family Fun Farm** has a bakery, market, gift shop, saskatoon berry orchard and petting zoo. However, the family-run agri-tourism business is best known for its popular goat yoga, alpaca walks and farm train tours. Stroll through Maple Creek's historic downtown and pop into **The Daily Grind Roastery and Coffee Shop** for a freshly brewed fair trade coffee. This gathering place for locals and tourists alike has a rustic country feel and serves down-home cooking and baking, while selling specialty items and giftware. Year round, the welcome mat is rolled out at **Historic Reesor Ranch**, a century-old working guest ranch located just outside of the West Block boundary of **Cypress Hills Interprovincial Park**. Explore the surrounding hills on a horseback trail ride or ATV tour. At the end of the day, gather around a crackling campfire to swap stories, while enjoying cowboy poetry by the local bard.

Sea of grass

One of Saskatchewan's two national parks, **Grasslands National Park** is a 570-sq. km

Grasslands National Park

Great Sand Hills

Jones' Peak, Eastend

Golf Kenosee

expanse of grassy hills and river valleys. In the West Block, take the **Ecotour Scenic Drive** and view Plains bison as they roam the land, grazing on native grasses. Black-tailed prairie dogs, pronghorns and various species of snakes make their home here. Backcountry hikers and campers will have a field day in the East Block. Backpack your way through the gorgeous, hoodoo-strewn landscape of the Valley of 1,000 Devils or take a drive on the 11-km **Badlands Parkway**. This new paved route has six scenic viewpoints highlighting some of Saskatchewan's most spectacular vistas. Experience the quiet of the park and fascinating night sky with a stay in an oTENTik (in the West Block and East Block). Look up to see how the Milky Way illuminates this designated Dark Sky Preserve.

Stay and Play

Glide along the 800 km of shoreline as the wind catches your sail on **Lake Diefenbaker**. **Living Sky Sailing School** offers tours and excursions or sailing lessons. Spend the day waterskiing, fishing, camping or golfing at one of the three provincial parks (**Danielson**, **Douglas** and **Saskatchewan Landing**) and various regional parks located along the lake. Moor your boat (with or without sails) at **Lakeside Marina Service at Elbow** and hit some golf balls at **Harbor Golf Club & Resort**, an 18-hole championship course situated on the bluffs overlooking the lake. You can also enjoy scenic vistas and panoramic views of Lake Diefenbaker while teeing off at **Sask Landing Golf Resort** and the desert-like, links-style **Sage View Golf Course** at **Palliser Regional Park**. This massive lake is one of the premier recreation areas in southern Saskatchewan.

Discover Scotty

Scotty, the world's largest T. rex skeleton and the most complete of its kind in Canada, was found in the hills near the town of **Eastend**. The **T.rex Discovery Centre** was built to showcase the rich geological and fossil heritage of southwest Saskatchewan. A new exhibit allows visitors to step into the lab and discover what it's like to be a paleontologist – from discovery to display. For the best view of the ancient landscape surrounding Eastend, drive up to **Jones' Peak** just outside of town and gaze out over the valley. Maps and information about driving tours of the area are available on the Town of Eastend website.

For the birds

Saskatchewan is located on the North American Central Flyway, one of the four major migratory bird routes on the continent. As such, there are enough opportunities for birdwatching that a dedicated birder could spend a summer spotting our feathered friends. The **Last Mountain Bird Observatory**, situated in North America's oldest nature refuge, is Saskatchewan's only bird monitoring station. Near **Mossbank**, **Old Wives Lake Nature Area** is a stopping point for 500,000 shorebirds on their migration south. From the viewing deck along the 2.4-km walking trail, look out at Old Wives Lake, the second largest saline lake in Canada. The **Saskatchewan Burrowing Owl Interpretive Centre** in **Moose Jaw** offers the chance to observe these unique birds up close.

Majestic Moose Mountain

Moose Mountain Provincial Park has an extensive trail network for hiking and mountain biking. Pass through the beautiful stands of aspen, birch, green ash and

Manitoba maple that characterize this unique southern Saskatchewan forest. Pull out your clubs and hit the fairways at one or both of the two championship 18-hole courses in the area – **Golf Kenosee** or **White Bear Lake Golf Course**.

On the big screen

For a nostalgic way to spend a summer evening, watch a movie on the big screen at one of the province's drive-in movie theatres. Southern Saskatchewan is home to three locations that are preserving this retro pastime. Opened in 1954, **Twilite Drive-In Theatre** in **Wolseley** has been an area attraction for decades. Take in a film outdoors under the prairie night sky at **Carlyle's Prairie Dog Drive-In Theatre** or catch a show at the recently opened **Moonlight Movies Drive-In Theatre** in **Pilot Butte**. In central Saskatchewan, enjoy some buttery popcorn while sitting in the comfort of your own car at **Clearwater Drive-In Theatre**, near **Kyle**. The **Drive In at Manitou Beach** (formerly Jubilee Drive-in Theatre) has been screening blockbusters since the 1950s.

Ever-changing canvas

Located north of Trans-Canada Highway 1 near the village of **Sceptre**, the **Great Sand Hills** rise five storeys above the prairie landscape. The rolling sand dunes cover more than 1,900 sq. km. Mule deer and sharp-tailed grouse live among the native prairie trees, shrubs and grasses in this unique region. This ecologically fragile environment is located on private land. When visiting, respect and obey all posted signs, close gates, and park in designated areas.

Lake Diefenbaker

Glamping Resorts Ltd., Buffalo Pound Lake

Scenic Qu'Appelle Valley

Grab your camping gear and explore the campgrounds and beaches of southeast Saskatchewan. From Regina, drive east through the Qu'Appelle Valley. Take your pick from six lakes – **Pasqua, Echo, Mission, Katepwa, Round and Crooked** – and cast your line to catch tonight's supper. Throw on some waterskis or strap on a wakeboard and take in the beautiful scenery from behind the boat. Nestled amid white birch and maple trees on the south side of the lake, **Echo Valley Provincial Park** has hundreds of campsites. Lakeside campsites are available at **Crooked Lake Provincial Park**.

Get your glamp on

Camp out in style in luxury safari tents or

geodesic domes at **Glamping Resorts Ltd.**, located along the north shore of **Buffalo Pound Lake and Saskatchewan Landing Provincial Park**. Amp up (or glamp up) your vacation with a stay in one of these unique accommodations.

Choose your (obstacle) course

The kids will be entertained for hours at inflatable waterparks across southern

Saskatchewan. The parkour-style floating obstacle courses feature slides, bridges, swings, blobs, teeter-totters, hurdles, ladder runs, and trampolines. **Sask Aquatic Adventures** has locations at **Regina Beach, Tufts Bay on Lake Diefenbaker and Buffalo Pound Provincial Park**. There are also four inflatable waterparks across central Saskatchewan at **Blackstrap Provincial Park, Greenwater Lake Provincial Park, The Battlefords Provincial Park and Duck Mountain Provincial Park**, as well as two in the north at **Meadow Lake Provincial Park and Candle Lake Provincial Park** (new in 2022). **Wild Waves Waterpark** is situated at the main beach at **Rowan's Ravine Provincial Park**. These on-water attractions are for adventure-seekers ages five years and up.

VINTAGE MOOSE JAW

Tunnels of Moose Jaw

To see **Moose Jaw** is to love Moose Jaw. There is no better way to describe the effect that this small but lively city has on visitors. The downtown is packed full of heritage buildings, excellent restaurants, and unique shops, such as **Wildflowers Bistro & Boutique** overlooking **Crescent Park**. There is so much to experience in Moose Jaw that you may want to spend the whole weekend. With its geothermal mineral pool and spa, **Temple Gardens Hotel & Spa** is one of the city's most famous attractions. **Grant Hall Hotel** offers fine dining and a boutique vintage hotel experience. At the **Tunnels of Moose Jaw**, immerse yourself into the world of Prohibition-era bootleggers in the Chicago Connection Tour, or experience the life of a Chinese immigrant working at an underground laundry on the Passage to Fortune Tour (updated tour in 2022). Bunker 24 is a new tour (wheelchair-accessible) that tells the story of Canada's growth as a nation following the Second World War. The backdrop is a 1950s Cold War bunker, and you are entering your first day of training as a new recruit. At the **Western Development Museum** – Moose Jaw, relive history with a ride on the only operating steam locomotive in Saskatchewan. Housed in the restored 1910 Land Titles Building, the **Yvette Moore Gallery** showcases the work of the internationally renowned painter, along with creations from over 40 western Canadian artisans. Its onsite restaurant, The Gallery Café, serves classic prairie cuisine with an artistic take.

Art and architecture. Art-chitecture?

Gravelbourg, a bilingual community in southwest Saskatchewan, is home to **Our Lady of the Assumption Co-Cathedral Notre Dame de l'Assomption**. Built in 1918-1919, this national historic site features notable paintings by Monsignor Charles Maillard (painted 1921-1931) and stained-glass windows from France. At the **Shurniak Art Gallery in Assiniboia**, sculptures by esteemed Canadian artists Robert Davidson and Joe Fafard dot the landscaped courtyard and grounds. The gallery houses the impressive art collection of the late Bill Shurniak, amassed during a lifetime of world travel.

Ice Age relic

The **Big Muddy Badlands** in the southwest are sprawling, intricate hills, valleys and caves that once served as a place of refuge for Chief Sitting Bull, and later as a hideout for outlaws such as Sam Kelly. A relic of the Ice Age, **Castle Butte** rises 60 m above the surrounding landscape. It is a striking formation that served as a landmark for Indigenous people and members of the North West Mounted Police. Tours of this area are available through Coronach Tourism. *Access to Castle Butte is only available from June 1 to November 1.* Other unique landscapes in southwest Saskatchewan include the **Avonlea Badlands**, the **Massold Clay Canyons at Claybank Brick Plant National Historic Site**, and the Wood

Prairie Bee Meadery

Mountain Uplands surrounding **Rockglen**. For a spectacular view, climb the hill on the **Effie Mattson Nature Walk**.

Ride back in history

Climb aboard and ride the rails! Based in **Ogema**, **Southern Prairie Railway** will transport you back in time with style, elegance and a bit of old-fashioned charm. As the vintage locomotive and coach travel through rolling landscapes and grassy hills, listen to stories of a bygone era, when railways criss-crossed southern Saskatchewan and people took the train to visit friends and family. Following your tour, explore the pioneer village made up of 31 heritage buildings and more than 150 pieces of vintage farm machinery at the **Deep South Pioneer Museum**.

Southern spirits and brews

In **Maple Creek**, stop by **Rafter R Brewing's** taproom to enjoy a pint or flight of its craft beer brewed onsite. **Prairie Bee Meadery** is Saskatchewan's first craft meadery. Learn about winery operations on a tour of the farm, or enjoy a wine and dine experience in partnership with **Grant Hall Hotel**, the location of its **Moose Jaw** showroom. Find out how **Bandits Distilling Inc.** produces 12 flavours of moonshine, vodka and gin during a tasting tour of its facility in **Weyburn**. **Black**

Harvest Eatery

Bridge Brewery has been filling growlers and serving its selection of craft beer at its taproom in **Swift Current** since 2014.

Delicious destinations

You can work up a powerful appetite exploring southern Saskatchewan. In the town of **Shaunavon**, **Harvest Eatery** offers one-of-a-kind locally sourced fare and has earned acclaim among foodies and travellers alike. **Solo Italia** brings Italy to the community of **Ogema** with its authentic wood-fired pizza. **The Grotto** in **Vibank** specializes in traditional Mexican cuisine and southern barbecue. Big flavour and live music greet you at **The Happy Nun Café** in the hamlet of **Forget**. **Swift Current's Nightjar Diner Co.** is reinventing the prairie diner with its elevated menu that includes classic favourites, alongside some non-traditional items like steam buns and pork belly. **Trigo Food + Drink** in **Lafleche** changes up its menu quarterly to showcase a wide array of international cuisine – from Mexican to Thai. In **Gravelbourg**, **Café de Paris's** courtyard patio will transport you to a faraway bistro with its ambiance and European-inspired dishes. For a taste of the local bounty and fresh produce, stop at these markets on your travels: **Carzan Local Market (Southey)**, **The Wandering Market (Moose Jaw)** and **The Red Market Barn (Kenosee Lake)**.

WHEN THE SNOW FALLS

As the snow settles in amongst the lush lodgepole pine and white spruce in **Cypress Hills Interprovincial Park**, pull out your cross-country skis or snowshoes and explore the 17 km of groomed trails in the Centre Block. Winter fun also includes tobogganing, skating, and snowmobiling (only in the designated area in the Centre Block). Open year round, **The Resort at Cypress Hills** has hotel rooms, townhouses and rustic cabins, as well as onsite dining.

Bordering small lakes and scenic viewpoints, **Moose Mountain Provincial Park** has an extensive trail system that allows winter enthusiasts to enjoy the beauty of the park. Travel through this unique southern Saskatchewan forest on 120 km of groomed snowmobile trails, 50 km of ski trails groomed for both classic and skate skiing and 10 km of snowshoe trails. Located in the park overlooking Kenosee Lake, **Kenosee Inn and Cabins** has hotel rooms and cabins available to rent for your snowy getaway.

Throw on your winter jacket, ski pants and helmet and ride the more than 350 km of snowmobile trails in the Qu'Appelle Valley. Strap on your snowboard and clear the frost from your goggles as you take to one of the 12 runs at **Mission Ridge Winter Park**, located south of **Fort Qu'Appelle**. The ski hill also has two terrain parks, a tube park, three conveyor lifts and a triple chair lift. Soak up nature and breathe in the crisp winter air as you skate through the trees at **Echo Valley Provincial Park**. *Skate the Park* is a unique 2-km skating trail that winds through the Aspen Campground.

Lake Diefenbaker

Once the lakes and rivers across southern Saskatchewan freeze, communities of ice fishing shacks pop up. In the southeast, **Last Mountain Lake** and the **Qu'Appelle Valley** lakes are favourite ice fishing spots. For a unique catch, Boundary Dam near **Estevan** is the go-to spot for largemouth bass. In fact, it's the only place to go. Due to the nearby power plant, the water is much warmer, which makes it possible for the species to thrive. One access point for Boundary Dam is **Woodlawn Regional Park**. **Lake Diefenbaker**, in the southwest, is another prime location, renowned for its trophy-sized rainbow trout, as well as the diversity of species found in the lake. Guided packages and luxury RV ice shack rentals are available at **Sandy Shores Resort** near **Danielson Provincial Park**.

At the Yorkton branch of the **Western Development Museum**, *100 Years of Saskatchewan History* is on display. See an actual settler shack preserved for visitors and learn the sad story of the Humeniuk carved figures. The **Godfrey Dean Art Gallery** features contemporary works from Saskatchewan artists. Learn more about the city's heritage on a self-guided walking tour of Yorkton. Maps and information are available through Tourism Yorkton.

In the Outback

Named after the wild carrots that grow along the riverbanks, **Carrot River** will surprise you with its rolling hills, lush summer greenery and charm of its residents. **Pasquia Regional Park** is home to Big Bert, a 5.8-metre ancestor

of the modern crocodile that hunted its prey when Saskatchewan was an inland sea. Just outside of **Nipawin**, **Tobin Lake** has earned a reputation as the premier walleye and northern pike fishing lake in southern and central Saskatchewan, and is one of the top walleye lakes in North America. Poke around for rustic, trendy and refined items, like pottery, jewelry, clothing, books, art and local fare. HIDDEN GEMS

It's time for a road trip! You'll find surprising sights and welcoming communities down the highways and back roads of central Saskatchewan. Northwest of the town of **Hafford** in the **Redberry Lake Biosphere Reserve**, a boardwalk winds through a landscape of twisting and corkscrewing aspens at the **Crooked Bush**. A landlocked prairie province is the last place you'd expect to find a lighthouse, but if you take a trip to **Cochin**, you'll see one with your own eyes. The **Cochin Lighthouse** was built in 1988 on Pirot Hill overlooking Jackfish and Murray lakes. If you don't know what a bunnock is, take a trip to **Macklin** and check out the **World's Largest Bunnock** sculpture that doubles as a tourist information centre. A bunnock is the anklebone of a horse and used in a game of the same name. Each year, the town hosts a world championship tournament that draws more than 1,000 competitors. Remember the childhood thrill of finding a beautiful or unusual stone at the beach or just off a forest path? At the **Sesula Mineral and Gem Museum and Rock Shop** in Radisson, relive that fascination and discover a trove of gems and minerals. To see even more rocks, visit the **Great Wall of Saskatchewan**, just west of **Smiley**. The wall was built by hand one stone at a time by the late Albert Johnson over a 30-year period. There is also a three-room sod house on the site. Take a selfie with Canada's biggest bat at the **Saskatchewan Baseball Hall of Fame** in **Battleford**. With over 4,000 archival materials, the museum displays the province's rich baseball history dating back to 1879.

Tobin Lake

– all in a garden setting. **Kinder Surprises Antiques** is housed in a gorgeous hip roof barn near **Davidson** and is jam-packed with beautifully displayed items. Each treasure comes with its own history and story – from antiques and reclaimed building parts to glassware and furniture. For almost four decades, the **Hand Wave Gallery & Craft Shop** in **Meacham** has been showcasing the work of Saskatchewan craftspeople in gallery exhibitions. Mediums include pottery, textiles, woodwork, jewelry, sculpture, art books, stained/fused and blown glass, prints, photography, quilting and others.

Not your average grain bin

The world is full of unusual accommodations, from an underwater hotel in Zanzibar to glass-ceilinged igloos in Finland, but very few travellers have caught a good night's sleep in a grain bin or converted school bus. At **Alive Sky Lodge/BINcredible**, guests can choose between a room in the main lodge or the luxury suite inside a metal grain bin. Other options include the Schoolee in the Coulee, a converted school bus, or the BOHO Bin, a two-storey bin with a hippie vibe (and a hammock!). Located an hour's drive west of Saskatoon in **Rosetown**, Alive Sky Lodge offers a quiet country setting close to urban amenities.

On the trail of history

At **Batoche National Historic Site**, discover the lives of Métis residents between 1860 and 1900 – the trails they walked, their homes, their church, which help tell the story of the Battle of Batoche. **Fort Battleford National Historic Site** represents a period in history when Battleford was the capital of the Northwest Territories. These national historic sites, along with **Fort Carlton Provincial Park** and **Duck Lake**, are part of the transprovincial **Trails of 1885** initiative.

Prairie performances

Take in dinner and a show in **Rosthern** at the **Station Arts Centre**, a renovated Canadian National Railway station converted into an art gallery, seminar space and performing arts theatre. Typically staging performances with a rural theme, its annual summer theatre

plays to sold-out audiences on a regular basis. In **Meacham**, **Dancing Sky Theatre** offers professional theatre and dining in a village of 99 people. Located north of **Martensville**, the **Barn Playhouse** experience starts with a horse-drawn wagon ride that takes theatregoers on a tour through the farmyard to the big red barn. The community theatre houses 280 people, and there is a separate banquet facility onsite for dinner theatre performances.

Ancient petroglyphs

The **Ancient Echoes Interpretive Centre**, located near **Herschel**, is a treasure trove of paleontology, ecology and pre-contact Indigenous civilization. Guided tours take you to Coal Mine Ravine, where you will find a bison rubbing stone, jump and processing area, along with various stone circles. Three petroglyphs with ceremonial markings, available by guided tour only, are believed to have had religious significance and provide a window into Indigenous culture.

Floating on salt, dancing on (h)air

There are hidden gems, and then there is **Manitou Beach**. The intense mineral concentration of Little Manitou Lake draws people from around the world for the water's reputed healing properties. **Manitou Springs Resort & Mineral Spa** allows you to try out the waters in a relaxing indoor pool. After a soak, put on your dancing shoes and kick up your heels at **Danceland**, an old-fashioned dance hall with one of the last horsehair-sprung dance floors in North America.

A little culture in the Battlefords

View powerful images of the Northern Plains Cree through the art of renowned Indigenous artist Allen Sapp at the **Allen Sapp Gallery/The Gonor Collection** in **North Battleford**. Sapp's real-life depictions of his past have been seen around the world and earned the late artist provincial and national recognition, including the Order of Canada. At the North Battleford branch of the **Western Development Museum**, tour a working 1920s-era village and farm with a fully preserved grain elevator.

Fall on the farm

Surrounded by the sights and sounds of autumn, experience fall fun or fantastic food at one of these central Saskatchewan farms. **Sunnyside Dairy's** creamery has the distinction of being the only place in the province to offer "milk on tap," where customers can fill their own reusable glass bottles and jars. Its farmyard market north of **Martensville** sells beef and pork, as well as a variety of food products made onsite and from other local farmers and growers, including perogies, pies, soups, cabbage rolls and baking. **Farm One Forty** hosts farm-to-table dinners and farm tour lunches. Tours offer a glimpse into daily life on the 140-acre farm near **Vanscoy**. Guests can stroll out to the pasture, mingle with the animals and explore the gardens where most of the dinner ingredients are grown and harvested. At **Rosthern**, **Youth Farm Corn Maze** offers fun for all ages with three maze layouts ranging from advanced to family-friendly. Onsite is a petting zoo, jumbo pillow, climbing wall and train and wagon rides.

Along the border

Straddling the boundary of Saskatchewan and Alberta, **Lloydminster** boasts a mix of homespun hospitality with big city amenities. The city's historic downtown is home to more than 100 retailers, restaurants and services. Spend the day exploring this area and take a selfie in front of one of the many colourful murals during an ArtWalk. Impressive public art can be found throughout the city. The new location of the **Lloydminster Museum & Archives** (formerly Lloydminster Cultural & Science Centre) features a permanent gallery dedicated to the history of Lloydminster and region. The facility also has a temporary gallery to host travelling exhibits and a gift shop. In nearby **St. Walburg**, visit the **Imhoff Museum & Art Gallery**. Count Berthold von Imhoff's paintings grace cathedrals and churches across North America, including **St. Peter's Cathedral** near **Muenster**.

Railroad adventures

At one time, Saskatchewan had a robust network of regional passenger trains

Wheatland Express Excursion Train

connecting small communities. Today, you can experience the comfort of railroad travel via the **Wheatland Express Excursion Train**. The tourist train runs on the Wheatland Railway short-line along Highway 2 between the towns of **Cudworth** and **Wakaw**. Enjoy dining, entertainment and the pleasure of relaxing and watching

the rolling prairie landscape go by. Themed rides include tasting excursions, medieval feasts and maybe even a train heist. New in 2022, Wheatland Express is adding a wheelchair-accessible car for passengers with limited mobility, as well as a sleeper car to offer overnight accommodation packages.

WHEN THE SNOW FALLS

Discover a hidden winter wonderland as you explore central Saskatchewan by snowmobile. After a day of riding through untouched powder and witnessing breathtaking scenery, warm up in one of the shelters along the trail. Communities and parks throughout the northeast, such as **Hudson Bay**, **Carrot River** and **Greenwater Lake Provincial Park**, offer access to some of the province's most cherished trails. Further south, **Duck Mountain Provincial Park** has 70 km of snowmobile trails with varied terrain.

Pull out the downhill skis and hit the slopes or put on a snowboard and grind rails at one of the region's ski hills – **Table Mountain Regional Park**, **Wapiti Valley Regional Park** and **Duck Mountain Ski Area**. For those who prefer to cross-country ski, hundreds of trails wind through parks and forests, across open prairie, over rolling hills and in and around

cities and towns. **Eb's Cross-Country Ski Trail** near **Duck Lake** is popular with more than 50 km of groomed trails. Five cosy warm-up shelters greet cross-country skiers on the 60 km of maintained trails at **Duck Mountain Provincial Park**. Notable trails in **The Battlefords** region can be found at **Finlayson Island Nature Park** and **Blue Mountain Adventure Park**.

With a three-month season (mid-December to mid-March), opportunities for winter anglers to get out on the ice are countless. There is an abundance of great fishing lakes across central Saskatchewan. With a world-record ice fishing catch in the books, **Tobin Lake**, near **Nipawin**, should be one of your go-to spots for that trophy walleye. At **Blackstrap Provincial Park**, enjoy a fully equipped ice fishing experience with **Saskangler Ice Fishing Rentals**. FAMILY FUN IN THE BOREAL FOREST

When was the last time you wandered through the woods? Enjoy the call of the wild with your family at **Prince Albert National Park** – 3,875 sq. km of outstanding natural wonders where parkland meets forest. The park is one of Saskatchewan's most popular four-season destinations, a place where you can mix northern wilderness encounters with the comforts of a lakeside resort. Located approximately 90 km north of **Prince Albert**, the charming resort village of **Waskesiu**, situated in Prince Albert National Park, has a wide range of services.

ACCOMMODATIONS AND AMENITIES

Within the park boundaries, there are five front-country, vehicle-accessible campgrounds. Pitch your tent or park your RV in one of two major campgrounds. Red Deer Campground is a 161-site full-service (water, sewer and electrical hook-up) pull-through campground for recreational vehicles (RVs) and trailers located in the Waskesiu townsite.

Beaver Glen Campground is ideal for RV and tent camping in a wilderness setting. Located on the fringe of the townsite, it has 200 electrified back-in sites, as well as modern, accessible washrooms and centrally located camp kitchens. It also has 10 reservable oTENTiks. Rough it in style in this family-friendly accommodation – a cross between an A-frame cabin and a prospector tent equipped with beds and furniture on a raised floor.

For a more rustic setting or peaceful, lakeside camping, there is the Narrows Campground, Namekus Lake Campground or Sandy Lake Campground. With a backcountry permit, adventure-seeking visitors can hike or canoe and camp in remote reaches of the park. There are 14 designated backcountry campgrounds in four different wilderness areas.

ELK RIDGE RESORT

Down the road, located just outside of the park, is **Elk Ridge Resort's** signature property. Indulge in first-class comfort with a stay in one of its upscale accommodation options – the lodge, log cabin, townhouse or cottage. Start your day with a massage or pedicure at Drift Spa & Wellness before you head out for a round on the championship 27-hole golf course, where it's not uncommon to see elk on the fairway. Enjoy fine dining set amidst rustic elegance at Fredrich, the resort's newest dining experience. The restaurant's patio has a spectacular pond view. Another (more casual) dining option is The Wyld at Elk Ridge, located in the golf course clubhouse.

Boundary Bog Trail

If you prefer the amenities or luxury of a hotel, condo or cabin, stay at one of the park's deluxe all-season accommodations, including the **Hawood Inn**, **Lost Creek Resort**, **The Lakeview Hotel**, **Kapasiwin Bungalows** or **Elk Ridge on the Lake** (formerly Waskesiu Lake Lodge).

RECREATION

Recreation is the name of the game here with hiking, swimming, golfing and canoeing.

With more than 150 km of hiking trails within the park, you can choose your own path at your own pace. There are 19 trails varying in length and level of difficulty – from short walks and day hikes to overnight backcountry excursions. All hiking trails, including Boundary Bog Trail, Red Deer Trail and Waskesiu River Trail, offer breathtakingly scenic views, wildlife, lush vegetation and many points of interest.

Hit the beach and spread a towel in the sand, take a dip in the clear, shallow waters, explore the shoreline by stand-up paddleboard or enjoy the hot summer days with boating and on-water activities, such as waterskiing and wakeboarding. In addition to the 600-metre-long Main Beach, located in the townsite, there are five other road- and water-accessible beaches scattered around Waskesiu Lake.

Golf one of the province's most picturesque and challenging layouts. Designed by Stanley Thompson and built in the 1930s, the **Waskesiu Golf Course** is an 18-hole grass-green course, with rolling terrain and a mature

Waskesiu Townsite

New dino in town

Move over, Megamunch. The **Royal Saskatchewan Museum's** newest star attraction has arrived. Scotty, the world's largest and oldest *Tyrannosaurus rex*, has made the Regina museum a second home (the first is the **T.rex Discovery Centre** in Eastend). This scale replica is so massive that it required major redevelopment of the museum to allow for two-storey viewing of the dinosaur skeleton. Another new exhibit – *HOME: Life in the Anthropocene* – explores the human condition and its impact on the world.

Salute the serge

The **RCMP Heritage Centre** brings to life one of Canada's oldest and most iconic stories, the story of the Royal Canadian Mounted Police. While the museum is modern, its setting on the grounds of the RCMP Academy, "Depot" Division, is steeped in history. Established in 1885, "Depot" Division is considered the "Cradle of the Force," with all RCMP members from across Canada receiving their training in Regina. Explore over a century of history, from the formation of the North West Mounted Police in 1873 to the modern-day Mountie. In the exhibit hall, check out the Musical Ride virtual reality experience or get behind the wheel of the driving simulator.

KICHIOTA INDIGENOUS DESTINATIONS: SPECIAL PLACES FOR MANY PEOPLES

Dakota Dunes Resort & Casino

Wanuskewin Heritage Park

Dakota Dunes Resort & Casino

Wanuskewin Heritage Park

Saskatchewan's first Indigenous tourism corridor – **Kichiota Indigenous Destinations** – is a partnership between Whitecap Dakota First Nation, Wanuskewin Heritage Park and Beardy's & Okemasis' Cree Nation. The first of its kind in Canada, the corridor offers visitors multicultural/multi-day experiences that highlight the history and traditions of Northern Plains Indigenous cultures.

The name Kichiota has roots in both Cree and Dakota languages and is described as "a coming together of Indigenous languages, creating a whole greater than the sum of its parts." There is no direct translation, but applied to this unique partnership, the meaning of the name becomes "special places for many peoples."

WHITECAP DAKOTA FIRST NATION

Soak in the spectacular views of the award-winning golf course and South Saskatchewan River valley from the indoor rooftop pool at the newly built **Dakota Dunes Resort & Casino**. Located south of Saskatoon, the 155-room resort stands as a tribute to its Indigenous heritage with angular window trims and exterior wood panels echoing the traditional tipi. This thoughtful nod to the culture carries through to the hotel's guest rooms by way of art and design.

The full-service resort also includes a 10,000-sq. ft. conference centre, the Moose Woods Home Fire Grill, which offers a farm-to-table dining experience, and an exhibit corridor leading to the curated Wanuskewin Gift Shop, where you can purchase unique, handcrafted items made by local First Nations artisans. While enjoying a stay at the resort, hit the gaming floor at the Dakota Dunes Casino, pull out the clubs for a round at the 18-hole Dakota Dunes Golf Links or book an authentic Indigenous cultural experience through Dakota Dunes Adventures.

WANUSKEWIN HERITAGE PARK

A gathering place for all nations of the Northern Plains for over 6,400 years, **Wanuskewin Heritage Park** is a flagship attraction and the longest-running archaeological dig site in Canada. Walk back in time as you follow the Path of the People, explore the Trail of Discovery or climb to the east prairie along the Trail of the Bison. Follow the Bison Viewing Trail to the lookout point to see the Plains bison herd that was recently reintroduced to its ancestral homeland. Through the centre's immersive programming and expanded exhibits, learn about the cultural significance of the animal, the bison herd's journey back to Wanuskewin, as well as

the role they played in a 1,000-year-old archaeological find. Bison activity was credited with uncovering four petroglyphs and the tool used to carve them – a significant discovery on the site. Try some traditional Indigenous cuisine with a contemporary twist at the refreshed restaurant, or browse the well-curated gift shop and art gallery. Experience a special evening at one of the park's popular Han Wi Moon dinners. The outdoor dining event treats guests to a decadent meal made from foraged and locally sourced ingredients, served at sunset, followed by a campfire with storytelling. Other cultural experiences include archaeological tours, native plant walks, and tipi sleepovers. For the kids, a new interpretive playground was designed to incorporate the historical significance of the site and the many Indigenous nations that have gathered there for living, hunting, gathering, and spiritual practice.

BEARDY'S & OKEMASIS' CREE NATION

Experience Cree culture and hospitality, and hear untold stories of Saskatchewan's past while visiting **Beardy's & Okemasis' Cree Nation**. Overnight glamping, cultural cuisine and theatrical performances are just some of the tourism offerings that will be available in 2022.
