MINOAN

Extra Virgin Olive Oil

Extra virgin olive oil, produced exclusively from the prime variety "Koroneiki". It has received many awards by the International Olive Oil Council for its balanced taste and its extremely fruity scent. It is excellent in quality due to its low acidity.

It is available for sale in our restaurant and our stores

All our dishes are made and prepared with our own production of olive oil in the island of Crete, Greece.

Thank you

The unique surroundings of the 50's, the tasteful Music and the fantastic meals will make your visit unforgettable.

Olive Oil Way of Long Life

Olive oil is believed to be responsible for the good health and longevity of those people who consume it. Medical studies show that this natural product is a shield of protection, the key to good health and vitality, a product that keeps the heart strong and offers people a very long life. Olive oil has been seen to have an effect on a large range of diseases:

- It helps to reduce cholesterol LDL (it only increases HDL, which is known as "the good Cholesterol")
- It reduces the triglycerides of the blood and protects against cardiovascular diseases
- It aids the lowering of blood pressure, both diastolic and systolic therefore reducing the chances of stroke
- Moreover have anti-oxidative agents which help to protect against cancer
- It helps in the functioning of the liver
- It protects against cancer of the gastrointestinal tract.

Also it is perfect in the diet of someone who suffers from diabetes. All in all, studies are frequently published which prove the undoubtable value of olive oil and therefore advise the use of this oil in maintaining good health.
