# TOP TRAVEL IN SOUTHERN SASKATCHEWAN

*Grotto Gardens Country Market*

## Maple Creek: The Modern West

Get the full flavour of southwest Saskatchewan hospitality with a visit to Maple Creek. Western agricultural traditions meet eastern spirituality at **Grotto Gardens Country Market**, where Downward Goat Yoga offers pet therapy for body, mind and soul. Relive your childhood at **Cowtown Kids Toy & Candy**, the largest independent toy store in Saskatchewan that sells traditional and nostalgic toys. **Ghostown Blues Bed & Breakfast** is a unique bed and breakfast with historic buildings, cabins and restored sheep wagons. Picture a prairie village from yesteryear that has undergone an eclectic cowboy chic makeover. Year round, the coffee pot is on and the welcome mat rolled out at **Historic Reesor Ranch**, a century-old working guest ranch high in the Cypress Hills. Pitch in with ranch activities like herd checks and cattle roundups, and, at the end of the day,

gather around a crackling campfire to swap stories, while enjoying cowboy poetry by the local bard.

## Sea of grass

One of Saskatchewan's two national parks, **Grasslands National Park** is a 570-sq. km expanse of grassy hills and river valleys. Drive the Ecotour Road and view herds of Plains bison as they roam the land, grazing on native grasses. Black-tailed prairie dogs, black-footed ferrets and pronghorns make their home here – not to mention the snake hibernaculum. Stay in one of the park's iconic tipis or an oTENTik. At night, the Milky Way illuminates this designated Dark Sky Preserve. Backcountry hikers and campers will have a field day in the East Block. Backpack your way through the gorgeous, hoodoo-strewn landscape of the Valley of 1,000 Devils or take a drive on the 11-km Badlands Scenic

Viewpoint Road. This new paved route has six viewpoints highlighting some of the most spectacular vistas in Saskatchewan. In nearby **Val Marie, Prairie Wind & Silver Sage** is an ecomuseum, café, bookstore and gift shop not to be missed.

## The Sandy Southwest

Located north of the Trans-Canada Highway near the village of Sceptre, the **Great Sand Hills** are well worth a visit. Rising five storeys above the prairie landscape, the sand hills cover more than 1,900 sq. km with rolling sand dunes, cracked cliffs and deep gorges. Further northeast, discover the **Beechy Sandcastles and Sunken Hill**. The trail leading to these natural attractions winds through sand dunes, tipi rings and unique landscapes and vistas overlooking Lake Diefenbaker. These ecologically fragile environments are located on private land.

*Ghosttown Blues Bed & Breakfast*

*T. rex Discovery Centre*

*Lake Diefenbaker*

*Historic Reesor Ranch*

When visiting, respect and obey all posted signs, close gates, and park in designated areas.

#### **Saskatchewan sailing**

Glide along the 800 km of shoreline as the wind catches your sail on **Lake Diefenbaker**. Or spend the day waterskiing, fishing, camping or golfing at one of the three provincial parks (**Danielson**, **Douglas** and **Saskatchewan Landing**) and various regional parks located along the lake. Moor your boat (with or without sails) at **Lakeside Marina Service** at **Elbow** and hit some golf balls at **Harbor Golf Club & Resort**, an 18-hole championship course situated on the bluffs overlooking the lake. This massive manmade lake is one of the premier recreation areas in southern Saskatchewan.

#### **On Moose Mountain**

**Moose Mountain Provincial Park** has an extensive trail network for hiking and mountain biking. Pass through the beautiful stands of aspen, birch, green ash and Manitoba maple that characterize this unique southern Saskatchewan forest. Pull out your clubs and hit the links at one or both of the two championship 18-hole golf courses in the area – **Golf Kenosee** or **White Bear Lake Golf Course**. Not far from the park, the **Prairie Dog Drive-In Theatre** near **Carlyle** is a nostalgic way to spend an evening.

#### **Discover Scotty**

Scotty, Canada's most complete T. rex skeleton, was found in the hills near the town of **Eastend**. The **T. rex Discovery Centre** was built to showcase the rich geological and fossil heritage of southwest Saskatchewan. For the best view of that ancient landscape, drive up to **Jones Peak** just outside of the town and gaze out over the valley.

#### **Scenic Qu'Appelle Valley**

Grab your camping gear and explore the campgrounds and beaches of southeast Saskatchewan. From Regina, drive east through the Qu'Appelle Valley. Take your pick from six lakes – **Pasqua**, **Echo**, **Mission**, **Katepwa**, **Round** and **Crooked** – and cast your line to catch tonight's supper. Throw on some waterskis or strap on a wakeboard and take in the beautiful scenery from behind the boat. Nestled amid white birch and maples on the south side of the lake, **Echo Valley Provincial Park** has hundreds of campsites.

#### **Vintage Moose Jaw**

To see **Moose Jaw** is to love Moose Jaw. There's no better way to describe the effect that this small but lively city has on visitors. The downtown is packed full of heritage buildings, boutique-style shops and excellent restaurants. With its geo-thermal mineral pool and spa, **Temple Gardens Hotel & Spa** is one of the city's most famous attractions. Another is the immersive **Tunnels of Moose Jaw**. Dive into the world of

Prohibition-era bootleggers in the **Chicago Connection Tour**, or experience the life of a Chinese immigrant working at an underground laundry on the **Passage to Fortune Tour**. At the **Western Development Museum – Moose Jaw**, relive history with a ride on the only operating steam locomotive in Saskatchewan.

#### **Art and Architecture. Art-chitecture?**

**Gravelbourg**, a bilingual community in southwest Saskatchewan, is home to **Our Lady of Assumption Co-Cathedral**. Built in 1918-1919, this national historic site features notable paintings by Monsignor Charles Maillard (painted 1921-1931) and stained glass windows from France. At the **Shurniak Art Gallery** in **Assiniboia**, sculptures by esteemed Canadian artists Robert Davidson and Joe Fafard dot the landscaped courtyard and grounds. The gallery houses the impressive art collection of Bill Shurniak, amassed during a lifetime of world travel.

#### **Ice Age relic**

The **Big Muddy Badlands** in the southwest are sprawling, intricate hills, valleys and caves that are rumoured to have once served as a place of refuge for Chief Sitting Bull, and later as a hideout for outlaws such as Sam Kelly. A relic of the Ice Age, **Castle Butte** rises 60 m above the surrounding landscape. It's a striking formation that served as a landmark for Indigenous people and members of the North West Mounted Police. Other unique

*Standing Buffalo Powwow*

Firmly rooted in tradition, the powwow continues to be an important cultural and social gathering of the First Nations community.

#### Think big in the southeast

See some of the largest pieces of coal mining equipment in North America at the Estevan Mine Site during the **Estevan Energy Tour**. Starting from the Estevan Visitor Information Centre, the tour also takes you to the Shand Power Station, the most environmentally advanced coal-fired generating station in Canada, and the Shand Greenhouse, where excess heat from the power station is used to produce thousands of tree seedlings each year. In **Weyburn**, visit the **Soo Line Historical Museum** to see the world's largest private silver collection, with more than 5,000 items.

#### Ride back in time

Climb aboard to visit another era, when railways criss-crossed southern Saskatchewan and people took the train to visit friends and family. Listen to stories of a bygone era as grassy hills and rolling landscapes pass by as you ride the rails. Based in **Ogema**, **Southern Prairie Railway** will transport you back in time with style, elegance and a bit of down-home charm.

#### Delicious destinations

You can work up a powerful appetite exploring southern Saskatchewan. In the town of **Shaunavon**, **Harvest Eatery** offers one-of-a-kind locally sourced fare and has earned acclaim among foodies and travellers alike. **Solo Italia** brings Italy to the community of **Ogema** with its authentic wood-fired pizzas. At the top of your list should be the **SaskPower Windscape Kite Festival** in **Swift Current**, which hosts champion kite flyers from around the world as they unveil stunning airborne creations. Southern summers also bring the **Gateway Festival** in **Bengough**, the **Saskatchewan Festival of Words** in **Moose Jaw**, **Country Thunder Music Festival** in **Craven** and **Mid Summer's Art Festival** in **Fort Qu'Appelle**. Go back in time during **Carlyle's annual Dickens Village Festival** in December.

## WHEN THE SNOW FALLS

*Echo Lake*

As the snow settles in the lush lodgepole pine and white spruce forests of the Cypress Hills, pull out your cross-country skis or snowshoes and explore the 17 km of groomed trails in the Centre Block. Winter fun in **Cypress Hills Interprovincial Park** also includes tobogganing, skating, and snowmobiling (only in the designated area in the Centre Block).

Bordering small lakes and scenic viewpoints, **Moose Mountain Provincial Park** has an extensive trail system that allows winter enthusiasts to enjoy the beauty of the park. Travel through this unique southern Saskatchewan forest on 120 km of groomed snowmobile trails, 50 km of ski trails groomed for both classic and skate skiing and 10 km of snowshoe trails.

Throw on your winter jacket, ski pants and helmet and ride the more than 350 km of snowmobile trails in the Qu'Appelle Valley. Strap on your snowboard and clear the frost from your goggles as you take to one of the 14 runs at **Mission Ridge Winter Park**, located south of **Fort Qu'Appelle**. The ski hill also has two terrain parks and three lifts.

Once the lakes and rivers across southern Saskatchewan freeze, communities of ice fishing shacks pop up. In the southeast, **Last Mountain Lake** and the **Qu'Appelle Valley** lakes are favourite ice fishing spots. **Lake Diefenbaker**, in the southwest, is another prime location, renowned for its trophy-sized rainbow trout.

## EYES TO THE SKY IN THE CYPRESS HILLS

*Treeosix Adventure Parks*

When the glaciers retreated, they missed a spot in the southwestern corner of the province, leaving a forested plateau towering high above the plains below at **Cypress Hills Interprovincial Park**. The unexpected mountain-like oasis on the border between Saskatchewan and Alberta reaches an elevation of 1,392 m above sea level, marking the province's highest geographical point.

The mix of landscapes – towering hills, lush lodgepole pine and white spruce forests, and fescue prairie and wildflowers – provides breathtaking views. Take a driving tour to some of the park's most scenic spots, including Lookout Point and Bald Butte in the Centre Block. In the West Block, experience a Saskatchewan sunset from the Conglomerate Cliffs.

In this wilderness area of the park, you can go backcountry camping. Pack your tent, supplies and your horse. In addition to two quiet, rustic campgrounds with few amenities, there is an equestrian campground with corrals. On horseback, witness spectacular vistas as you explore a portion of The Great Trail (formerly the Trans Canada Trail) to see the Hidden Conglomerate Cliffs.

The Great Trail transects the park. In the Centre Block, this trail covers over 16 km of rugged countryside and will challenge the seasoned hiker. With an extensive network of trails in this area of the park, visitors can hike the backcountry to see nature untamed or navigate relaxing self-guided trails with interpretive signage. Paved trails provide quick access between the campgrounds and the beach, resort and swimming pool in the core area.

Wake up to the heady aroma of the lodgepole pine forest in one of the park's six front-country campgrounds that range from basic to full-service. After a full day of swimming at the pool or beach and stand-up paddleboarding on Loch Leven, swap stories and make smore-filled memories with your family around a crackling evening campfire.

The brilliance of the night sky will amaze you if conditions are right for stargazing. The park is a designated Dark Sky Preserve and astronomy programs are offered at the observatory by an astronomer-in-residence.

For those feeling adventurous, one of the popular attractions in the park allows you to experience its beauty (and the forest canopy) by zipline. **Treeosix Adventure Parks** also offers an outdoor climbing wall, treetop adventure park, treetop drop, slackline course and mini-zips for the little ones.

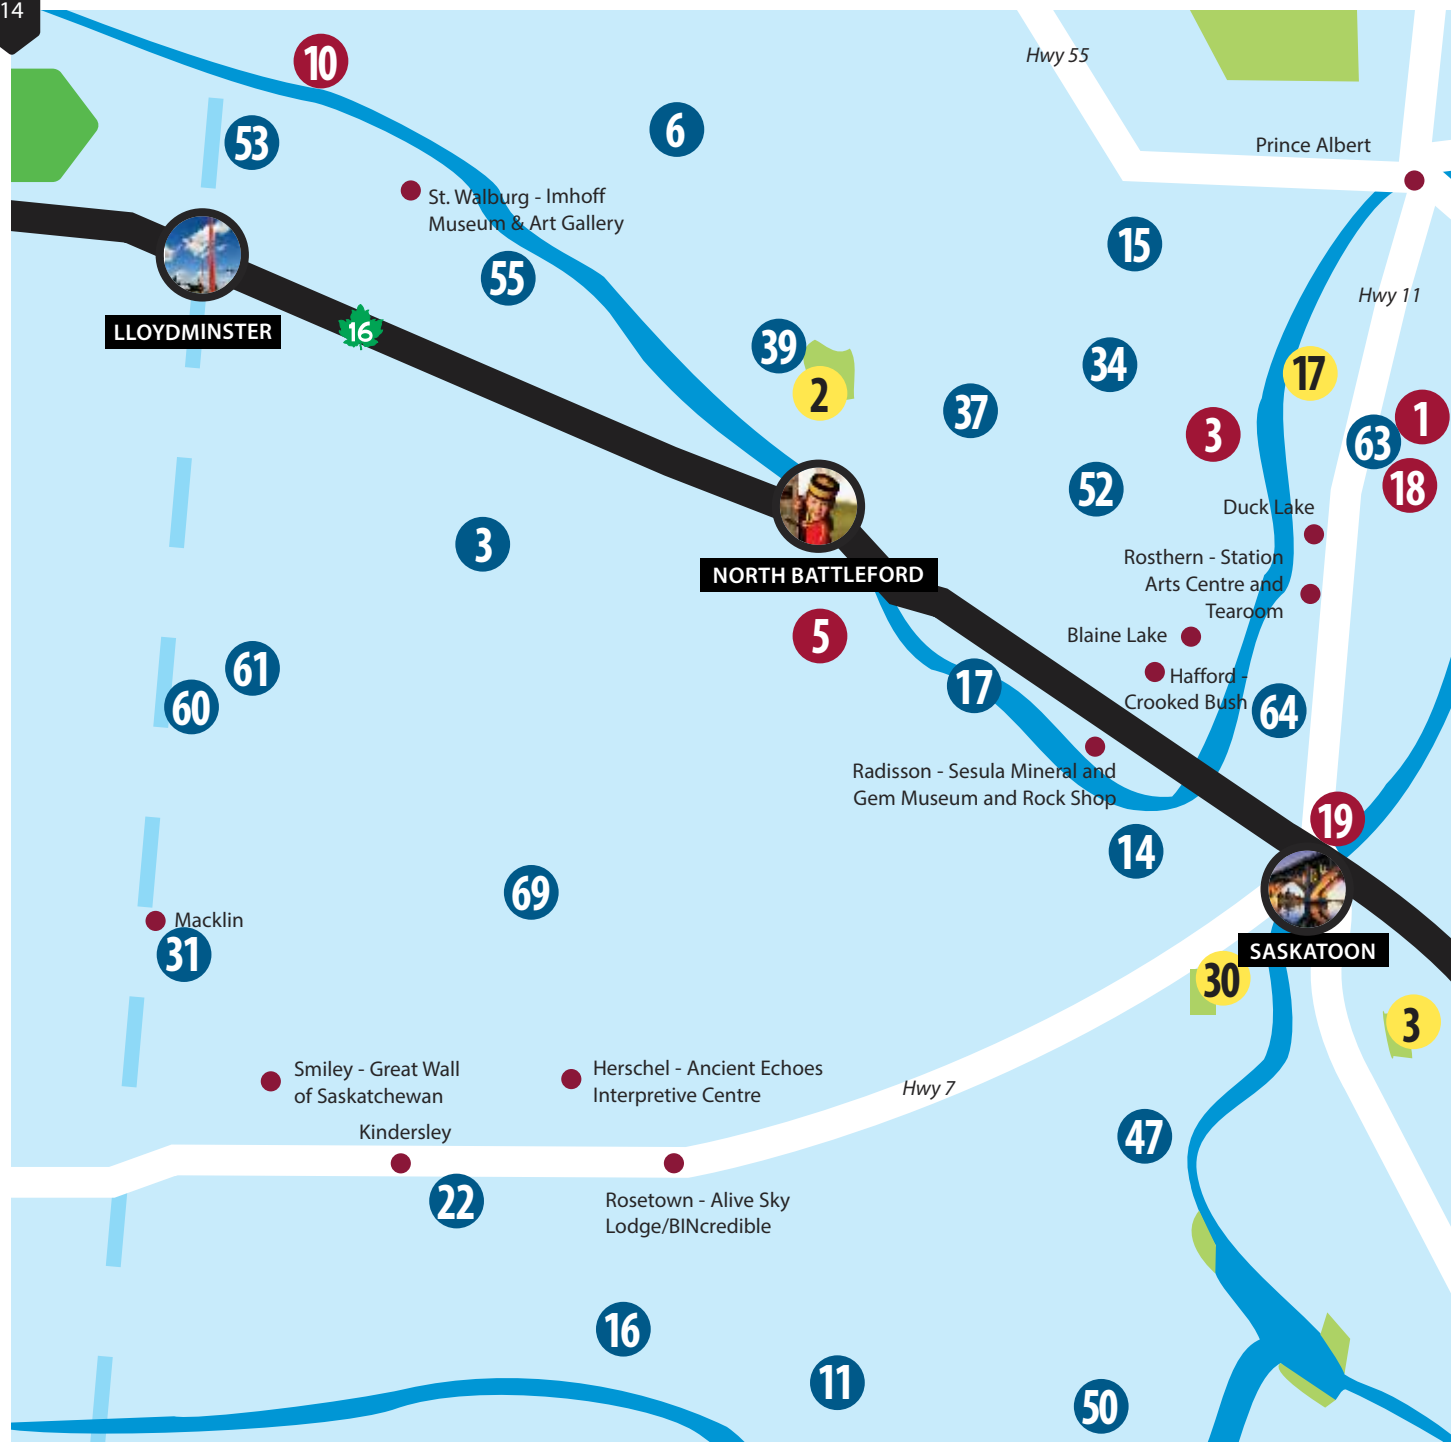

At **Fort Walsh National Historic Site**, find out what life was like in a working fort during a time that shaped the history of Western Canada. The fort was a North West Mounted Police (NWMP) post established in 1875 and played a key role in imposing law and order in the west. Staff in period costume relay stories about the lawless days of rotgut whiskey runners and Canada's role in the aftermath of the Battle of the Little Bighorn.

## WHEN THE SNOW FALLS

Near Nipawin

Discover a hidden winter wonderland as you explore central Saskatchewan by snowmobile. After a day of riding through untouched powder and witnessing breathtaking scenery, warm up in one of the shelters along the trail. Communities and parks throughout the northeast, such as **Hudson Bay**, **Carrot River** and **Greenwater Lake Provincial Park**, offer access to some of the province's most cherished trails.

Pull out the downhill skis and hit the slopes or put on a snowboard and grind rails at one of the region's ski hills – **Table Mountain Regional Park**, **Wapiti Valley Regional Park** and **Duck Mountain Ski Area**. For those who prefer to cross-country ski, hundreds of trails wind through parks and forests, across open prairie, over rolling hills and in and around cities and towns.

With a world-record ice fishing catch in the books, **Tobin Lake**, near **Nipawin**, should be one of your go-to spots for that trophy walleye. With a three-month season (mid-December to mid-March) and an abundance of great fishing lakes across central Saskatchewan, opportunities for winter anglers to get out on the ice are countless.

## ROADSIDE ATTRACTIONS AND HIDDEN GEMS

Go for a drive down the highways and back roads of central Saskatchewan. You'll find surprising sights, ancient archaeology and welcoming communities. It's time for a road trip.

**Crooked Bush** – Just northwest of the town of **Hafford** in the Redberry Lake Biosphere Reserve, a boardwalk winds through a landscape of twisting and corkscrewing aspens. Is it a genetic mutation? Did a lightning strike affect the soil? Is it the result of UFO landings? Scientists don't know for sure, although they've ruled out the UFO theory. Whatever the explanation, an exploratory stroll along the boardwalk will intrigue you.

**Cochin Lighthouse** – A landlocked prairie province is the last place you'd expect to find a lighthouse, but if you take a trip to **Cochin**, you'll see it with your own eyes. This working lighthouse was built in 1988 on Pirot Hill overlooking Jackfish and Murray lakes. Climb the 153 steps up the hill to visit the structure and you will be treated with an amazing view of the surrounding landscape and vast prairie skies.

**Sesula Mineral and Gem Museum and Rock Shop** – Remember the childhood thrill of finding a beautiful or unusual stone at the beach or just off a forest path? At the **Sesula Mineral and Gem Museum and Rock Shop** in **Radisson**, relive that fascination and discover a trove of gems and minerals. Check out polished spheres of amethyst and pink quartz, or marvel at the rainbow surfaces and bizarre shapes of bismuth crystals. Launched in 2016 by Judah Tyreman, 12, and his sister Avi, 7, the museum is a treat for rock lovers or anyone who enjoys spending time discovering something unusual and new.

**Ancient Echoes Petroglyphs** – The **Ancient Echoes Interpretive Centre**, located near **Herschel**, is a treasure trove of paleontology, ecology and pre-contact Indigenous civilization. At Coal Ravine, you can explore an area that includes a buffalo rubbing stone, buffalo jump, buffalo processing area, and various stone circles. Three petroglyphs with ceremonial markings, available by guided tour only, are believed to have had religious significance and provide a window into ancient Indigenous culture.

Crooked Bush

**Prairie Performances** – Take in dinner and a show in **Rosthern** at the **Station Arts Centre and Tearoom**, a renovated Canadian National Railway station converted into an art gallery, seminar space, tearoom and performing arts theatre. Typically staging performances with a rural theme, its annual summer theatre plays to sold-out audiences on a regular basis. In **Meacham**, **Dancing Sky Theatre** offers professional theatre and dining in a village of 80 people.

**The Macklin Bunnock** – If you don't know what a bunnock is, take a trip to **Macklin** and check out the giant bunnock sculpture that doubles as a tourist information centre. Confused? A bunnock is the ankle bone of a horse. If you're still confused, the town's residents will be happy to tell you about the game of bunnock and the **Macklin World Bunnock Championship Challenge**, which is held every year and regularly draws more than 1,000 competitors of all ages.

Your road trip isn't over yet. Have you seen an onion dome church near **Yorkton** or the statue of Lesia in **Canora**? Or the World's Second Largest Honey Bee in **Tisdale**? How about the GM truck perched up in the sky in **Cudworth**? Or the Great Wall of Saskatchewan near **Smiley**? Take a look around and you'll love what you discover when you get off of the beaten path.

Take the Narrow Hills Scenic Drive and get a bird's-eye view of this scenic vista comprising boreal forest and clear lakes that stretch for miles and miles.

## **Lace 'em up**

The **Boreal Trail in Meadow Lake Provincial Park** spans an epic 120 km, east to west across the park. This destination backpacking trail traverses through wild and varied ecosystems within the northern forest. Backcountry campsites are available throughout the trek and numerous entry-exit points are available for shorter hikes. If you have the family in tow, cool off at the beach and camp at Kimball Lake or stay at **All Season Waters Edge Eco Lodge** on Greig Lake.

## **Wild West**

Catch a ride western-style and travel the trails on horseback. Visit the Wild West side of **Prince Albert National Park** and see one of the only free-ranging herd of Plains bison in Canada within its historic range. The scenery

*Nistowiak Falls*

along the trails is incredibly varied, ranging from big open meadows and grassy knolls, to narrow forest paths and crystal-clear rivers and lakes.

#### **The voyageurs' path**

There are countless canoe routes in northern Saskatchewan, many of which have been used since before the fur trade. Paddle through distinct ecoregions that exhibit unique terrain, flora and fauna, past boiling rapids and ancient pictographs. In **Lac La Ronge Provincial Park**, dip your oar into the **Churchill River** and discover a tangible sense of history that permeates the land and water. Tranquil lakes, roaring falls and a sense of serenity are the allure of the North. With a drop of 24 m, one of the province's highest and most beautiful waterfalls – **Nistowiak Falls** – is located along this river's route.

#### **Fishing the shield**

**Hanson Lake Road** is where you will find fly-in quality fishing lakes without ever stepping foot on a plane. Resorts at **Little Bear**, **Deschambault** and **Jan Lakes** offer cabin accommodations, while recreation sites and campgrounds are found along the way. Near

**Creighton** and **Denare Beach**, see the limestone crevices along **Amisk Lake's** south shore. Formed by coral in an ancient seabed, the ground was pried apart by repeated freezing and thawing, creating a labyrinth of moss and stone.

#### **Gateway to the North**

In Saskatchewan's oldest city, **Prince Albert**, take some time to explore the downtown area. Step into an alternate history at the steampunk-themed **The Rusty Owl**, or browse the racks of handcrafted Indigenous goods at **The North West Company** store. Stop in at the **Prince Albert Historical Museum**, housed in an old fire hall overlooking the North Saskatchewan River, to discover the story of the fur trade and the roots of Western Canada.

#### **Flying high**

Get your adrenaline pumping by soaring 40 feet above the ground on a zipline at the **Elk Ridge** location of **Treeosix Adventure Parks**. With seven runs, an outdoor climbing wall, slackline park, giant swing and a spikeball court prepare to see the forest from a new vantage point.

#### **Sacred history**

Situated prominently on the banks of the **Churchill River** in the northern community of **Stanley Mission**, the **Holy Trinity Anglican Church** is the oldest building in Saskatchewan. Built in a Gothic Revival style, the church was constructed between 1854 and 1860 from hardwood logs cut by local Indigenous peoples and features stained glass imported from England.

#### **Sleep in style**

Enjoy the cosy comfort of The Yeti Yurt or Betty's Abode at **Flora Bora Forest Lodging** near **Emma** and **Christopher Lakes**. The beautifully crafted and thoughtfully designed yurts – circular tents built from wood and canvas, originating from Central Asia – are the perfect place to become one with nature. Large and small yurts are available for rent at **Nesslin Lake Campground**. **Prince Albert National Park** offers oTENTiks, a cross between an A-frame cabin and prospector tent that kids will love.

*Athabasca Sand Dunes Provincial Park*

#### Natural wonder

In the remote north, Saskatchewan's largest lake is home to the **Athabasca Sand Dunes**. These billowing sands stretch for 100 km along the south shore of **Lake Athabasca** and are the world's most northerly dunes. Aside from the striking view, this protected park is home to a fragile and unique ecosystem rich in rare and endemic (only found here) plants. The area is accessible by floatplane only and recommended for experienced wilderness users, as there are no onsite services. Guided tours by licensed outfitters are available.

#### Furs and wares

Roll your fingers over the intricate beadwork on a fur-lined moccasin or beautiful handstitched suede purse. Lose yourself in the delicate patterns of authentic birch bark bitings. Marvel at the sight of raw furs. **Robertson Trading Ltd.** in **La Ronge** will take you back in time to an era of traders and trappers. Though the store still buys and sells furs, you can find all of the modern camping gear, groceries and supplies you need.

*Whitewater Festival*

## WHEN THE SNOW FALLS

*Elk Ridge Resort*

*Ness Creek Site*

*Sundogs Excursions*

Embrace winter surrounded by the beauty of northern Saskatchewan. Adventures await at some of the province's most popular parks and four-season destinations in the snowy season.

While the Alaskan huskies bark and yelp around you, snuggle in your sled with a blanket and wait in anticipation as your musher readies the team for takeoff. Located on the southern edge of the boreal forest in **Great Blue Heron Provincial Park**, **Sundogs Excursions** offers afternoon trips and overnight dogsledding adventures.

This area is ideal for snowmobiling. The Lakeland snowmobile trail system encompasses more than 350 km of groomed trails in and around Great Blue Heron Provincial Park and connects with Elk Ridge Resort. With local trails ranging from 7 km to 120 km in length, riders of all ages can suit up for this family-friendly winter activity. After a day of sledding, nothing beats roasting a hotdog and enjoying a hot chocolate at one of the warm-up shelters along the trail.

Breathe in the fresh northern air as you head out for a cross-country ski or snowshoe at **Elk Ridge Resort**. Experience the boreal forest in all of its winter glory as you glide through or hike the resort's more than 10-km groomed trail system. Then strap on some skates or grab a broom and rocks and curl a few ends. The lodge overlooks a frozen pond with a skating loop and hockey rinks, as well as a

curling sheet. Before the day is done, hit the resort's toboggan hill where you can jump on a tire tube and race to the bottom.

At nearby **Prince Albert National Park**, explore winding, scenic trails on cross-country skis or by snowshoe. Hit the ice for some indoor skating at the Paul G. Horne Memorial Arena or venture out on the frozen lake for some ice fishing. Look up and be enchanted by the northern lights and starry sky as you set up camp at one of the two front-country winter campgrounds, located along the shores of Waskesiu Lake.

Northeast of **Big River**, the **Ness Creek Site**, home to music festivals and cultural events in the summer, transforms into a winter oasis hidden in the boreal forest. The site has 10 winterized cabins, designed and furnished to keep visitors cosy through all seasons. Onsite activities include ice skating and 25 km of groomed cross-country skiing and snowshoeing trails.

In the province's northwest, **Meadow Lake Provincial Park** is the ideal location for winter adventure. With more than 20 lakes, rivers and streams within its boundaries, the park has no shortage of ice. Set up a hut, drill some holes and spend the afternoon ice fishing. Explore the expansive park by snowmobile on more than 115 km of trails – 40 km of which are groomed. Make **All Season Waters Edge Eco-Lodge** at Greig Lake your home base as you spend the day snowshoeing, cross-country skiing or skating.

## FAMILY FUN AT PRINCE ALBERT NATIONAL PARK

Prince Albert National Park

When was the last time you wandered through the woods? Enjoy the call of the wild with your family at **Prince Albert National Park** – 3,875 sq. km of outstanding natural wonders where parkland meets forest. The park is one of Saskatchewan's most popular four-season destinations, a place where you can mix northern wilderness encounters with the comforts of a lakeside resort.

Located approximately 90 km north of Prince Albert, the charming resort village of **Waskesiu**, situated in Prince Albert National Park, has a wide range of services.

Within the park boundaries, there are five front-country, vehicle-accessible campgrounds. Pitch your tent or park your RV in one of two major campgrounds.

Red Deer Campground is a 161-site full-service (water, sewer and electrical hook-up) pull-through campground for recreational vehicles (RVs) and trailers located in the Waskesiu townsite.

Beaver Glen Campground is ideal for RV and tent camping in a wilderness setting. Located on the fringe of the townsite, it has 200 electrified back-in sites, as well as modern, accessible washrooms and centrally located camp kitchens. It also has 10 reservable oTENTiks. Rough it in style in this family-friendly accommodation – a cross between an A-frame cabin and a prospector tent equipped with beds and furniture on a raised floor.

For a more rustic setting or peaceful, lakeside camping, there is the Narrows Campground, Namekus Lake Campground or Sandy Lake Campground. With a backcountry permit, adventure-seeking visitors can hike or canoe and camp in remote reaches of the park. There are 14 designated backcountry campgrounds in four different wilderness areas.

If you prefer the amenities or luxury of a hotel or condo, stay at one of the park's deluxe accommodations.

Recreation is the name of the game here with hiking, swimming, fishing, golfing and canoeing.

With more than 150 km of hiking trails within the park, you can choose your own path at your own pace. There are 19 trails varying in length

and level of difficulty – from short walks and day hikes to overnight backcountry excursions. All hiking trails, including Boundary Bog Trail, Red Deer Trail and Waskesiu River Trail, offer breathtakingly scenic views, wildlife, lush vegetation and many points of interest.

Hit the beach and spread a towel in the sand, take a dip in the clear, shallow waters, explore the shoreline by stand-up paddleboard or enjoy the hot summer days with boating and on-water activities, such as waterskiing and wakeboarding. In addition to the 600-metre-long Main Beach, located in the townsite, there are five other road- and water-accessible beaches scattered around Waskesiu Lake.

Go fishing and cast your line for lake trout, northern pike and walleye. Surrounded by the stillness of a northern lake, the only sounds are those of the gentle splash of your lure hitting the water.

Golf one of the province's most picturesque and challenging layouts. Designed by Stanley Thompson and built in the 1930s, the **Waskesiu Golf Course** is an 18-hole grass-green course with rolling terrain and a mature forest flanking the fairways. For those who prefer golf of the mini variety, **Little Al's Mini Golf** is a recent addition to the park. Opened in 2018, the course's design reflects natural, historic and cultural themes and iconic treasures from the national park, such as the Lobstick tree on hole #1 and Rawhide's beaver lodge on hole #18.

Visit the **Waskesiu Heritage Museum and Friends of the Park Bookstore** to learn about the famed conservationist Grey Owl, or visit his cabin first-hand with a guided interpretive tour. By foot or canoe, make the pilgrimage to the one-room log cabin on the shore of Ajawaan Lake. Built in 1931, the cabin was home to the acclaimed naturalist, his wife Anahareo, and their pet beavers, Jellyroll and Rawhide.

Following a day of outdoor pursuits, look for the comforts of home in the Waskesiu townsite. Pick up some summer fashions and keepsakes at unique boutiques and shops and enjoy a delicious dinner at one of the many local restaurants. Grab an ice cream cone for dessert and walk the length of the breakwater overlooking the park's expansive beach or catch a family-friendly movie at the local theatre.

From your campsite to the golf course and backcountry to the beach, opportunities to connect with your family are endless.

### Bring the kids

Saskatoon is full of places where children can have a great time (and the grown-ups can relax a little bit). At the **Saskatoon Forestry Farm Park and Zoo**, meet Phoenix the red panda and the zoo's resident cougars, Malcolm and Jethro. Take a ride on the ferris wheel for a bird's eye view of the city at

### Nutrien Playland at Kinsmen Park.

At **Wilson's Lifestyle Centre/Stoked Centre**, rip around on high-speed electric go-karts, fly high on the 200-ft. zipline, challenge yourself on the suspended obstacle course and let the little ones jump in bouncy castles.

### Boomtown

Imagine yourself washing clothes on a scrub board, stoking the fire in the cook stove and shopping in the general store as you explore the lives of Saskatchewan's early settlers at **Western Development Museum – Saskatoon**. 1910 Boomtown, the life-size recreation of a main street from yesteryear, also boasts a priceless collection of antique automobiles and a working exhibit, the Boomtown Café.

### Paddle your way

See Saskatoon from a whole new perspective as you canoe, kayak or stand-up paddleboard into the city on the South Saskatchewan River. Running from **Gardiner Dam** at the northern tip of **Lake Diefenbaker** to the city of Saskatoon, the 105-km **Chief Whitecap Waterway** takes you through beautiful river valleys.

## WHEN THE SNOW FALLS

Meewasin Trail

Cameco Meewasin Skating Rink @ Nutrien Plaza

The **Meewasin Trail** becomes a winter wonderland once the snow flies. Pull out your cross-country skis or snowshoes and explore the city in all seasons. Glide along the groomed trails at Holiday Park and Wildwood golf courses.

Lace up some skates and take to the ice at the **Cameco Meewasin Skating Rink @ Nutrien Plaza**, located in Kiwanis Park next to the historic Delta Hotels by Marriott Bessborough. The outdoor skating

rink has a cosy warm-up shelter, fire pit, washrooms and skates available to borrow.

Opening in 2019 is the redeveloped **Optimist Hill at Diefenbaker Park**. The winter recreation facility features tubing lanes, areas for tobogganing, downhill skiing and snowboarding and a terrain park with rails, boxes and jumps, and a magic carpet conveyor to carry people to the top of the hill. The next phase will include a chalet with concession counter and function rooms.

## DOWNTOWN DINING

112 20th Street West

An “experiential café” serving gluten-free and nut-free whole food for all.
